Ordinary General Meeting

April 15, 2014

Report of the Board of Directors drafted pursuant to art. 73 of the regulation adopted by Consob by Resolution no. 11971/1999, as amended, on the

sixth item on the agenda:

"6. Authorisation to purchase and dispose of own shares, subject to revoking the previous authorisation approved by the Ordinary General Meeting of May 6, 2013. Related and consequent resolutions"

Dear Shareholders,

the Ordinary General Meeting has been convened in order to discuss and resolve on the purchase and disposal of own shares, pursuant to the terms and conditions as specified below, after revocation of the previous authorisation resolved by the Ordinary General Meeting of 6 May 2013.

We would like to remind you that the aforesaid General Meeting held on 6 May 2013 vested the Board of Directors with the power to purchase own shares for eighteen months from the date the meeting resolution was passed, and the power to dispose of own shares was conferred without any time limits. Therefore, the authorisation to purchase own shares will expire on 6 November 2014.

Considering the advisability of renewing that authorisation to the Board for a further period, we propose revocation of the existing authorisation, for the part not yet utilised, and at the same time we request a resolution for a new authorisation to purchase and dispose of own shares under the terms set out as follows.

Reasons for the proposed authorisation

The request for authorisation to purchase and dispose of own shares is based on the advisability of vesting the Board of Directors with the power to purchase and dispose of the purchased shares, in compliance with the applicable laws and market practices recognised by Consob:

- for the share-based incentive plans approved by the Company;
- as part of transactions relating to ordinary operations and industrial projects consistent with the strategic lines that the Company intends to pursue, which may also include swaps, exchanges, transfers or any other disposals connected with industrial projects and/or extraordinary financing operations;
- for the purpose of carrying out activities to support market liquidity.

Maximum number of shares involved in the authorisation proposal

At the date of this report, the Company's share capital is represented by 180,000,000 (one hundred and eighty million) ordinary shares, each with a nominal value of Euro 0.50 (zero point five zero), for a total value of Euro 90,000,000.00 (ninety million), fully subscribed and paid up.

We therefore propose that the General Meeting authorises the purchase of own shares in one or more transactions, up to the maximum allowed by law.

The purchase operations will take place within the limits of the profits available for distribution and the available reserves, as per the most recent approved financial statements.

The authorisation includes the power to dispose of the shares in the portfolio at a later date, which may even be before reaching the maximum number of shares that may be purchased, and, where applicable, to repurchase the same shares in the number required to ensure that the own shares held by the company do not exceed the limit laid down in the authorisation.

Further useful information for assessment of compliance with Article 2357, para. 3, of the Civil Code

At the date of this report, the Company holds 1.265 own shares, representing 0,0007% of the share capital. The subsidiaries hold no shares in the Company. Specific instructions will be issued to subsidiaries to ensure that they promptly report any purchases of shares carried out pursuant to Article 2359-*bis* of the Civil Code.

Term for which authorisation is required

The authorisation to purchase own shares is requested for a period of 18 (eighteen) months from the date of approval by the General Meeting.

Authorisation to dispose of the shares is requested for an unlimited period of time.

Minimum and maximum price

The purchase of shares is subject to the price conditions specified in art. 5, para. 1 of European Commission Regulation (EC) no. 2273/2003 of 22 December 2003. In particular, this article states that the issuer must not purchase shares at a price higher than the higher of the price of the last independent trade and the highest current independent bid on the Electronic Share Market (MTA) organised and managed by Borsa Italiana S.p.A.

The disposal of shares, and the sale of own shares in particular, shall not be at a price 10% lower than the benchmark price recorded on the Italian Electronic Stock Market (MTA) organised and managed by Borsa Italiana S.p.A. in the trading session prior to each transaction. This parameter is deemed suitable to identify the range of values within which the sale is beneficial to the Company.

If the own shares are subject to swaps, exchanges, transfers or any other disposals not in cash, the economic terms of the transaction will be determined on the basis of the nature and the characteristics of the transaction, also considering the performance of the Ansaldo STS share on the market.

Shares for share-based incentive plans will be assigned free of charge to the beneficiaries of such plans in accordance with the terms and procedures set out in the plan regulations.

For further information on such plans, see the informative documents drafted pursuant to Article 84-*bis* of the Issuers Regulation, available on the Company website at www.ansaldo-sts.com.

If the shares are used for the purpose of carrying out activities to support market liquidity, sales shall be carried out in accordance with the criteria set out in the Consob resolution on accepted market practices.

Procedures for purchase and disposal of own shares

The purchase transactions shall be carried out in compliance with the provisions of Article 132 of Legislative Decree No. 58/98, art. 144-*bis* of the Issuers Regulation and any other applicable law, as well as with the accepted market practices recognised by Consob.

In particular, own shares shall be purchased in accordance with the operating procedures under Article 144-bis, para. 1, letter b) of the Issuers Regulation. Own shares may be purchased according to other procedures if these are permitted by art. 132, para. 3, of Legislative Decree no. 58/98 or any other provisions applicable from time to time at the time of the transaction.

The shares may be disposed of via one or more transactions even before reaching the number of own shares that may be purchased. Such disposal may be made in the ways deemed most appropriate in the interest of the Company, and in any case in compliance with applicable laws and with accepted market practices. Shares for share-based incentive plans will be assigned in accordance with the terms and procedures set out in the plan regulations.

Information on the utilisation of purchases to reduce the share capital.

Please note that the purchase of own shares under this request for authorisation will not be used to reduce the share capital.

In light of the foregoing, we submit the following resolution for your approval:
